The *Humans in Situations* conference was held last year in November, organized by the University of Warsaw's Faculty of Psychology, the SWPS University, and the Tadeusz Tomaszewski Foundation for the Development of Polish Psychology, with the support of the Psychology Committee of the Polish Academy of Sciences

(http://www.swps.pl/images/2015/dokumenty/Konf._CZ%C5%81OWIEK_w_SYTUACJI_2015.pdf).

The conference invoked the text of one of Professor Tadeusz Tomaszewski's subchapters in the textbook *Psychologia (Psychology)* from 1975 (Warszawa: PWN).

The second part of the conference will be held on November 14-17, 2016 at the SWPS University (19/31 Chodakowska St., rooms S306 and N307). This time we want to consider the issue of "Humans in Situations" not only in the light of psychology but other research disciplines as well.

I am pleased to invite you to the conference on behalf of the organizers
